Senators Trim Murray.

The Murray contingent of bowlers were given a touch of high life last evening by the Senators of Salt Lake, who went down to the smelter town to show them how the game was played. Judging from the seores made, the smelter town bowlers did not see much. True, the Senators won, but by scores that would not win many games in the City league. It might have been the smelter smoke that affected the Senatorial bunch, or the long ride on the street cars, but more probably it was strange alleys. The scores:

San Francisco, Nov. 14.—In a heavy hitting game today Portland ran around the bases almost at will, winning from San Francisco by a score of 12 to 5. The pitcher who was touched up so lively by the northerners was Williams, who received his schooling in baseball at the University of California. The locals piled up a total of ten errors, which were responsible for several of the visitors' runs. Score:

Fred Gilmore Put Out in the Second Round at the Tournament at Chicago.

Chicago, Nov. 14.-Fred Gilmore, who on the featherweight amateur championship of Canada in Toronto last spring, was knocked out in the second round here tonight by Ben Lindstedt in the preliminary round of the tournament being held by the new Illinois athletic club at the by the new lilinois athletic club at the coliseum. This is the first time that Lindstedt has ever participated in a tournament and there was a general impression that Gilmore would have an easy time in qualifying for the finals. The fight was a whiriwind affair, however, both boys boing at it hammer and tongs the moment they reached the center of the ring. Before the first round was hait over Gilmore was lying on the floor from a right swing delivered by Lindstedt during an exchange of blows at close quarters. Gilmore got up at the count of nine and managed to last the round out but went down and out in the next round from a similar blow.

Lindstedt broke his thumb during the

Secret practice was held Monday night, when all the members of the faculty were given a chance to show Coach Maddock their football qualifications. One amusing thing was that the practice was held in the faculty room and the practice was done by placing the chairs in football line-up and then moving them to illustrate the play. The practice resulted in a selection of almost all the able bodied members of the faculty, either as regulars or substitutes.

The students are manifesting a great interest in the game. The sign boards are full of advertising matter, some of which is amusing. One sign reads: "Come and see "Billy" Sharp play rings around "Dick" Lyman at the faculty-fraternity football game. Weights—Sharp, 2! lbs.; Lyman, 215 lbs."

Received by the Prince.

Just outside the supper room was the gangway by which the guests went aboard the Drake. The entire ship was enclosed in heavy canvas. Coming over the side the guests passed along the port side to the quarter deck, where Prince Louis received. The tented walls of the after deck were hung with flags of the nations, and the Stars and Stripes and the Union Jack were everywhere intertwined. From the quarterdeck the guests

passed up a stairway banked with flags to the Drake's ballroom.

From the main derrick rising high

from the center of the boat deck shone the stars of the original thirteen states, made of little electric lights on a fold of blue bunting. From this central point were draped tent fashion the red and white stripes of American flags. Beneath this the Stars and Stripes stretched across, the polished ball room floor built across the entire boat deck and extending aft to the last of the Drake's four funnels, affording room for more than 200 couples.
